## TWO PAGES SUMMARY REPORT

Date :

Celebration of National Science Day on 28th February 2023

### Introduction

The National Science Day celebration on 28th February 2023 was a grand event that highlighted the importance of science and technology in our daily lives and commemorated the discovery of the Raman Effect by Indian physicist Sir C.V. Raman. The event was held in the college auditorium with enthusiastic participation from students, faculty, and invited guests. The chief guest for the occasion was the renowned scientist, Prof. Ravikiran Mahajan. The program was skilfully anchored by Yogesh Andhale, adding a vibrant touch to the proceedings.

### Program Highlights

The event commenced with a melodious welcome song by Kanchan Nalawade, setting an inspiring tone for the day. The song's lyrics beautifully encapsulated the spirit of scientific inquiry and innovation, encouraging everyone present to embrace the wonders of science.

### Student Speeches

The program featured insightful speeches by three students, each addressing different aspects of science and its impact on society:

Prathmesh Kulaye delivered an intriguing speech on "Science in Religious Ideology." He discussed how scientific principles can be found embedded within various religious texts and ideologies, promoting a harmonious coexistence between science and spirituality.

Kamini Gite spoke on the "Contribution of Indian Scientists." Her speech paid homage to the myriad contributions of Indian scientists in diverse fields such as physics, chemistry, medicine, and space research. She highlighted notable figures like Dr. A.P.J. Abdul Kalam, Dr. Homi Bhabha, and Dr. C.V. Raman, whose pioneering work has placed India on the global scientific map.

Shwetal Kumkar focused on "Science in Day-to-Day Life." Her speech illustrated how scientific advancements permeate our daily activities, from the technology in our smartphones to the food we eat and the medicines we rely on. She emphasized the importance of scientific literacy in understanding and navigating the modern world.

### Principal's Speech

Following the student presentations, the Principal **Mrs. Vaishali Patil** delivered an inspiring speech that underscored the significance of celebrating National Science Day. He spoke about the importance of nurturing scientific temper among students and encouraged them to pursue careers in science and technology. His address highlighted the institution's commitment to fostering a culture of innovation and research.

### Chief Guest Address

The highlight of the event was the address by the chief guest, Prof. Ravikiran Mahajan. Prof. Mahajan's speech was both enlightening and motivational. He discussed recent advancements in various scientific

He shared and shared anecdotes from his own research experiences. Prof. Mahajan also stressed the importance of interdisciplinary research and the need for collaboration to solve complex global challenges. His address was met with enthusiastic applause, inspiring students to dream big and contribute to the scientific community.

## Vote of Thanks

The event concluded with a vote of thanks delivered by Anjini Gahil. She expressed heartfelt gratitude to Prof. Ravikiran Mahajan for his enlightening address, the Principal for his guidance, the students for their engaging speeches, and all the faculty members and organizers who made the event a success. Anjini's words reflected the collective appreciation of the audience for a well-organized and impactful celebration.

## Conclusion

The National Science Day celebration on 28th February 2023 was a memorable event that successfully highlighted the importance of science in our lives. It provided a platform for students to express their thoughts on various scientific topics and inspired the audience with speeches from distinguished guests and students alike. The event not only celebrated past achievements but also motivated everyone to look forward to a future driven by scientific exploration and innovation.
